

Dear Sherelyn,

We are grateful and thankful for your giving. What a blessing you are to our babies! At this time of year when everyone is so busy making their plans for their end-of-year celebrations, Thank You for remembering our babies. Your giving means that we feed, clothe, provide medical care and a warm and loving home for more than sixty babies at a time.

During October three new babies joined our family, four babies were adopted, and our older twins were reunified with their birth family

November is a very important month for us and for all those who are involved in the care of orphaned children across South Africa. The Department of Social Development is proposing amendments to the Child Protection Act, in relation to adoption. If these amendments are accepted it will, likely have devastating consequences on adoptions. For detailed information about this, please click [here](#).

Thank you again for your giving. By giving to our babies, you encourage us as we continue to work to give our babies safety and the opportunity to be part of a forever family.

With love,
The Door of Hope Team
