I have finally managed to find a new supplier - but, as always - there are price differences, plus they have different terms as to how they are to be purchased (i.e. All styles have to be purchased as pairs.). Book: In the September 2012 newsletter I wrote the following about a lovely new book ...
"Never Too Old: Some months ago, in my June 2012 newsletter, I was reflecting on the importance of time and what we do with it and what we have to show for it. Not only have I been thinking of what I do with the time that has been given to me, but also reflecting on how I have lived more days than I have left and how I have still not achieved a personal dream that I have had for the past 20 years, and wondering if I will ever attain it due to my getting older. Just as I was having these thoughts, I was inspired by one of my faithful needlework customers who lives in Gore. Hazel was here in the Hawkes Bay visiting with one of her daughters and so, as per usual, she came to visit the Gallery. It wasn't until nearly the end of her visit that I learnt that not only had she come to visit her daughter, Marie, but whilst here in the Bay, she was promoting a beautiful cookbook that she and her daughters, Jude and Marie, have published - *Hazel's Home Baking*. This is a collection of 50 of Hazel's treasured baking recipes and, as per Marie's words, "Mum is just the best baker and this is a nice celebration of all things my mum is". This wonderful book has been a family collaboration, taking 18 months, lots of helping hands - and mouths - to produce. Daughter Jude is a Southland chef and she reinterpreted and updated Hazel's recipes (i.e. converting Hazel's exquisite handwritten recipes - many of which date back to the 1930's - from imperial to metric measurement) and she also was the food stylist, using Hazel's gorgeous collection of crockery and cutlery and her beautiful embroidery (much of it Hazel's own work) to show the baking. Marie is a photo-journalist and she took all the photographs. The photography is amazing. As Marie said, "We need decent photos to make everyone go 'oh, yum'. We wanted to make everything look delicious". And this she certainly has achieved! This beautiful book needs to be amongst your library of cookbooks and would be a great gift for your daughters, daughters-in-laws, and special friends. Copies may be purchased from me at the Gallery.

And, as I began ... never too old ... Hazel is 76 years of age. What an awesome achievement. A wonderful celebration of her remarkable gift and skill and a special memory for her family. Hazel's achievement has been a wonderful inspiration for me. She has encouraged me to continue to pursue my dream. I am not too old ... and neither are you!"

It is with great sadness that I have to convey that Hazel recently passed away. I will miss her visits to the Gallery. Her smile, chatter and expressions of delight were always so uplifting as she made her decisions as to what to stitch next and with which threads and colours.

To date, there are only five copies in stock of Hazel's wonderful book. Request a copy to be sent to you so that you don't miss out. Those needlework customers who have already purchased a copy are so complementary about it. For some of them it has become *the* baking book they use over and over again.
